

1. K-LOVE is a very encouraging positive force on the radio.
2. If K-LOVE were to be replaced by an LPFM I think that might affect alot of people. While a LPFM service might be a valuable service, to replace the service of a station like K-LOVE would hurt those that can't receive LPFM.
3. K-LOVE provides alot of service, in that it has news, plenty of encouraging music, sound bites on intersting topics, positive people and interviews with Christian musicians.
